# WAYS *to* ENGAGE *with culture*

**BE INFORMED:** *Listening to people with expertise on whatever the issue is and then, listening to God's word.*

**WRITE TO POLITICIANS:** *They are responsible to you. So, your views and correspondence matters enormously.*

**RESPOND TO CONSULTATIONS:** *Make serious, evidence-based responses that can help shape laws and legislation.*

**PRAY:** *In the Bible, we're explicitly told to pray for those in authority, so we can live quiet and peaceful lives.*

**FOR MORE** *information and guidance on how to engage, visit [CARE.ORG.UK](http://CARE.ORG.UK), sign up to our weekly newsletter, and follow us on social media.*
